

SEE CARE SHARE WEEK 2023

THURSDAY ACTIVITY - SAFETY WALK

MANAGEMENT INFORMATION

Activity: Thursday Activity – Safety Walks

Type: Individual and Group Activity

Instructions:

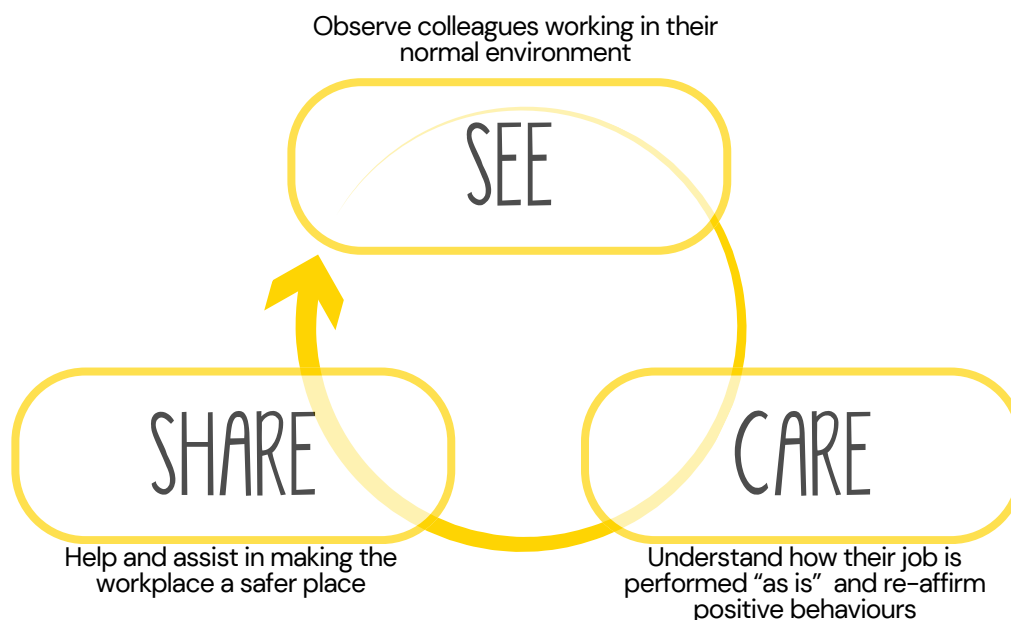

Today is about Contributor Safety and after yesterday's exercise of hazard spotting today is the perfect day to get out in your units with your teams and conduct a Safety Walk. Below is a guide that we issue as part of the See Care Share programme to help conduct more effective Safety Walks. Share this guide with your team and agree a area or areas to conduct your Safety Walk.

Safety Walks can be completed individually, in pairs or in groups. Complete the attached worksheet to ensure that all findings are captured,; remember that where hazards are identified these must be reported and actioned appropriately.

Why not share a photo of your activity and the completed worksheets on **Workplace** tagging it with **#seecareshareweek23**

What is a Safety Walk?

The Safety Walk is an opportunity to walk the 'shop floor' to observe and interact with our colleagues working within their environment, and to reaffirm good safety standards and behaviours.

The Process of The Safety Walk:

PREPARE

What is the current Safety Focus?

Has your unit had any safety incidents recently?

SEE

How are the tasks being done, is it safe?

Remember that adaptation is positive where it being done safely.

CARE

Speak to team members and understand: what makes their tasks easier and what are the barriers?

Promote a positive attitude to safety within our business, reaffirm the positive behaviours.

People and teamwork are the solution.

SHARE

Recommend improvements based on your observations.

Where required identify if additional support or coaching is required.
