

# BLACK & WHITE CLEANING TABLETS - Cleaning coffee machine

HS/TC/093/03 – February 2019

## READ BEFORE STARTING

Wear PPE where advised in each step

**GOGGLES & GLOVES**

You MUST refer to the CPAs & Task Cards for your PPE Requirements

1

Clean machine according to manufacturer's instructions using the following chemical.

2

Remove the grounds drawer.

3

Pull out the tablet holder by turning the black ring counter-clockwise.

4

Load two (2) tablets into the tablet holder and reinsert tablet holder, and the grounds drawer.

5

Press the cleaning key on the display.

6

The machine begins with the automatic cleaning which runs in 6 cycles. After about 5-10 min. the cleaning is done and the machine shows ready on the display.

7

Ensure the cleaning cycle is fully completed and the chemical residues are rinsed through thoroughly.

If in any doubt about the PPE required, please refer to the separate COSHH Product Assessment or your HSE Manager
