First Aid Information:

Product Concentrated

Eye contact	In the event of contact with the eyes, rinse immediately and thoroughly with running water and seek medical advice.
Skin contact	In the event of contact with the skin, rinse thoroughly with running water.
If inhaled	Not applicable.
If swallowed	If some product is swallowed accidentally, do not provoke vomiting, get the patient to drink a lot of water in small doses and seek medical advice.

Firefighting measures:

Special requirements:

The product itself does not burn. Use extinguishing media suitable for the surrounding fire.

Avoid prolonged contact with the skin – Transfer with care and do not splash. Store in a cool, dry and ventilated place.

Accidental Release Measures

- If an accidental release occurs ensure people and colleagues are moved away.
- Ensure the spill is dealt with by trained colleagues (i.e. know how to deal with spills and how to use spill kits) and wear appropriate PPE.
- Follow the Immediate **Spill Response Plan** contained within the **Environment Toolkit** and the **Unit Managers Emergency Manual**.
- If you have any queries please contact your **HSE Manager** or the **HSE Helpline** on **0121 457 5194**.
