DAILY Dilute 1:1

ONCE WEEKLY USE UNDILUTED

1

Wear the correct PPE.

2

Flush the toilet.

3

Reduce water level by pushing water repeatedly with the brush.

4

Apply product under the rim, around the bowl and under the water line.

5

Wait 5 minutes before proceeding.

6

Use the toilet brush to scrub all surfaces and remove dirt.

7

Flush the toilet before leaving the room.
