

Chewing Gum

READ BEFORE YOU START

TOOLS

PRODUCT

ODORBAC TEC4

SAFETY CHECK

Read SDS, risk assessment and safe system of work before starting.

PROCEDURE

1

Wear the correct PPE.

2

Use the **Purple Trigger**, spray OdorBac Tec4 directly onto and around the gum.

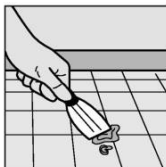

3

2 min

Leave for at least 2 minutes to penetrate the gum.

4

Lift the hardened gum carefully with a scraper or spatula.

5

Wipe the area with a clean damp cloth if required.
