At Use Dilution

Firefighting measures:

Special requirements:

Eye contact	Bathe the eye with running water for 15 minutes. Consult a doctor.
Skin contact	Drench the affected skin with running water for 10 minutes or longer if substance is still on skin.
If inhaled	Remove casualty from exposure ensuring one's own safety whilst doing so. Consult a doctor.
If swallowed	Do not induce vomiting. If conscious, give half a litre of water to drink immediately. Consult a doctor.

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Store in cool, well ventilated area. Keep container tightly closed. Do not mix with other chemicals. Reseal after use

Accidental Release Measures
<ul style="list-style-type: none"> • If an accidental release occurs ensure people and colleagues are moved away. • Ensure the spill is dealt with by trained colleagues (i.e. know how to deal with spills and how to use spill kits) and wear appropriate PPE. • Follow the Immediate Spill Response Plan contained within the Environment Toolkit and the Unit Managers Emergency Manual. • If you have any queries please contact your HSE Manager or the HSE Helpline on 0121 457 5194.
