

Puly Milk Liquid – STEAM WAND AND CONTAINERS CLEANING (weekly)

HS/TC/097/02 - March 2019

READ BEFORE STARTING

Wear PPE where advised in each step

GLOVES

You MUST refer to the CPAs & Task Cards for your PPE Requirements

Not a hazardous substance or mixture

However, if used improperly, may cause irritation to the eyes and skin

1 Follow instructions on packaging.

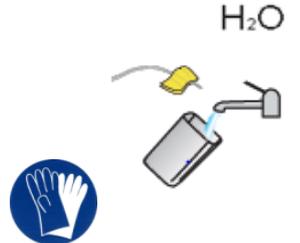

2 Prepare a solution of 50ml Puly Milk Liquid for every 1litre of hot water in designated container (plastic/ stainless steel).

3 Dismantle coffee machine parts: steam wand, milk jug and tools dirty of milk and coffee and to soak for 2-3 hours (or overnight) in the prepared solution.

4 Rinse thoroughly all the soaked parts with clean water.

If in any doubt about the PPE required, please refer to the separate COSHH Product Assessment or your HSE Manager
