

Aseptopol EL 75 CLEANER SANITIZER FOR POT & PAN AND HARD SURFACES

Aseptopol EL 75 is a highly effective antimicrobial cleaner with a broad application spectrum helping to ensure food safety. The product can be used as a washing-up detergent as well as for spray bottle cleaning.

Application: For pot & pan and all water resistant surfaces in the food preparation area.

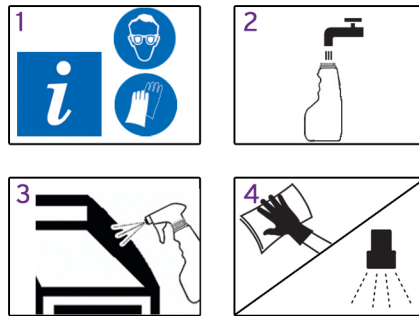

DIRECTIONS FOR USE

FOR MANUAL WAREWASHING

- 1 Check hygiene plan and product label for detailed use information. Wear suitable protective clothing when handling the product.
- 2 Fill the sink with lukewarm water and dilute the product 50 ml / 10 L water (40°C) or 100 ml / 10 L (20°C).
- 3 Place items into sink. Let them soak, allow soils to loosen and scrub as needed. For antimicrobial properties leave in water at least for 5 - 15 min.
- 4 Remove items from the solution and rinse off with clear water.

FOR SURFACE CLEANING

- 1 Check hygiene plan and product label for detailed use information. Wear suitable protective clothing when handling the product.
- 2 Fill the spray bottle with max water and dilute the product 10 ml / L water.
- 3 Spray **Aseptopol EL 75** thoroughly onto the entire surface.
- 4 Wipe the surface with a wet cloth and then rinse it with clean water.
