Safe on aluminium

Use for cleaning:

Floors and walls

Stove tops

Extraction hoods

Using...

1a

Prepare solution using proportional dosing system and apply to washable surfaces. Allow contact time of 5 minutes and rinse properly with water.

1b

Prepare solution in a bucket and apply to washable surfaces. Allow contact time of 5 minutes and rinse properly with water.

1c

Spray solution directly onto surface. Leave 5/30 min depending on level of soil. Scrub, rinse or wipe thoroughly with water.

2

Allow to air dry.
